

HIGH MUSEUM - TEAM SCAVENGER HUNT

Once you have been arranged into team of four, each team will have 90 minutes to work together and find the answer to as many of the questions and cues below as they can.

THIS is the *only copy of the clues* that your team will receive, so you will have to communicate well and work together creatively!

The winning team will be the one that either **a.** provides ALL of the correct answers first, or **b.** provides more correct answers than any other team when the 90 minutes time limit is reached.

(All items can be found in the permanent collection...)

PARTIAL LIST OF SCAVENGER HUNT CLUES:

- _____ 1. Look right, look left, look down, look up - What number is found on the four-handled cup?
- _____ 2. Who would find a portrait of himself - Above the black walnut mantle shelf?
- _____ 3. Stacked thin, designed in '99 - What was used to build the chair you find?
- _____ 4. Beside a trash can, just for show - Who built a blue glass radio?
- _____ 5. Two scenes of Old Testament sacrifice for you – Abraham is one, who is number two?
- _____ 6. When searching for Leander he did not tarry - What did Story have his Hero carry?

There are a total of fifty clues and items for your people to find as they work together during your 90 minute team building scavenger hunt
