CLIENT COMMENTS

“Exactly what our administrators needed to hear. They are all still talking about your message... The stories were fantastic and a great reminder for all of us that teamwork really does make everything possible... The *Rapid Teamwork* book added a nice touch to the event and they were all excited to leave with their very own autographed copy.”

Mike Mauriello, Rockdale County Public Schools

“The comments we heard from participants were overwhelmingly positive! Thanks for a fun and energizing day with useful take-aways that really helped our people work together better!”

- Val O'Brien, Southern Company

“The event was better than we anticipated. Our 25 team members laughed, participated, and encouraged each other more at this event than any we’ve had in our long history of annual staff meetings. The lessons, affirmations, and bonds from this day will last long into the future...”

-Michele Lurvey, Traverse Dental Associates

“You’re a ROCK STAR! Really, your session struck such a great balance between fun, conversational, light, yet at the same time, deep, impactful, and memorable. I particularly liked the stories you told to personalize and reinforce various points”

– Carol Feigenbaum, NetBaseQuid

“Every member of my group walked away more informed and encouraged on their personal role of being a part of their team’s success and his uncanny, yet understandable approach made it fun, engaging and memorable.

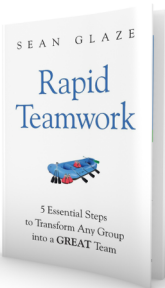

Thanks, Sean, for helping the members of my group become a better team.”

– Nicholas Cotton, Media Affairs Manager for Fulton Clerk of the Superior Court

CUSTOM TEAM BUILDING

Business Team Building Events are Far More Than Just a “Day of Play”

Yes, the laughter will be real and relationships strengthened – but the take-aways from insightful debriefing discussions address real-world workplace issues.

Research has shown experiential activities are the most effective way to ensure engagement and lasting impact. As a veteran teacher and coach, Sean skillfully facilitates fun challenges that provide outcomes your people will apply!

A Half-Day Team Building Event will provide 3-4 hours of fun and relevant activities...

A Full-Day Team Building Event will provide 6-7 hours of fun and meaningful activities...

And BOTH will inspire laughter (with powerful insights) to develop team communication, trust, accountability, and more positive team leadership!

WHY TEAM BUILDING?

*Think about how much more positive and profitable your organization would be if everyone was **more appreciative, accountable, and focused on getting results** as a small part of something more significant than themselves?*

What issues are you dealing with now that would disappear if everyone had that kind of team-first attitude?

IF YOU NEED TO IMPROVE YOUR TEAM'S MINDSET, INSPIRE THEM, HELP THEM SELL MORE, STRESS LESS, CONNECT WITH MORE EMPATHY, REKINDLE THEIR PURPOSE, APPRECIATE OTHERS, CREATE REAL BEHAVIOR CHANGE, START YOUR CONFERENCE WITH ENERGY, OR SEND THEM OUT ON AN ENTHUSIASTIC HIGH, CONTACT SEAN TO CLAIM YOUR DATE NOW!

WHY INTERACTION?

CULTURE always trumps strategy, because the environment your people work in affects productivity. Customized activities help to **build a more positive culture in FIVE important ways:**

1. They Get Everyone on the Team Involved:

The most effective way to learn something new skills is to actually do it. Remember the old saying- “I hear, I forget, I see, I remember, I do, I understand?”

Research shows that when your people just sit and listen, they retain less than 20% of what they hear. When they are involved in active experiences, they retain 90%!

2. They Offer Leadership Opportunities:

In every activity they will encounter, there is an opportunity for leadership. This aspect of the fun and challenging activities is always addressed in our debriefing discussions.

It is important to recognize the personality types and strengths in your group, then **everyone will be better equipped to lead from where they are** when you experience real adversity.

3. They Are All Safe and Fun Activities:

The Experiential Learning activities Sean uses will offer all participants a safe and fun atmosphere to risk, learn, share ideas, and make mistakes.

As you see below, our time together will be spent in a “no-judgment” zone, and there are no physically demanding tasks, so **all your people can participate!**

4. They Build Knowledge... and Relationships.

Team play allows your people to **learn about each other and share laughter in a controlled situation.** Knowing how each of them handles obstacles or frustration is invaluable – How do you communicate? What are your team personality types and individual strengths? And, the event provides opportunities for self-discovery!

5. They Provide Relevant Take-Aways:

Teambuilding challenges do more than just build trust and relationships among your people – they offer lessons for more productive roles and interactions. Your group will laugh together and become more familiar – but the activities will also be utilized to **address existing issues your team may be dealing with...**
